The fully flat inside gives the best bounce experience when playing, this flat wall becomes a part of the game and means the game can flow whilst adding another dimension

that can challenge and develop players' tactical vision of the game. The 3 m x 2 m Multi Goal follows the goal size of FIFA Futsal and IHF Handball regulations. The basketball hoop is placed at the official NBA height of 305 cm, and has the official NBA size of 46 cm in diameter.
