

The Wizard's Hideaway ADA

NRO409

The Wizard's Hideaway is magical, with an elevated house and blue roof, it inspires role play. The benches and table inside stimulate social interaction and make children want to stay playing for longer. A table on the side of the house can be used as meeting point or provide a nice seat for care givers. The stair up to elevated house and the slide benefit motor

skills such as cross coordination and spatial awareness. These are both fundamental for building up an understanding of the body in speed, time and space, a competence important for day-to-day life experiences such as, crossing the road safely. The stairway features a broad transfer platform and good handholds to support children of all abilities in

accessing. All in all, the Wizard's Hideaway can provide hours of magical play.

Side desk

Social-Emotional: fine meeting place and a space creator. Sharing and cooperation from both sides create a social scenario that supports communication and cooperation.

Double slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. **Social-Emotional:** invites socializing, supports parent-child, peer-to-peer play and allows for caregiver assistance. **Cognitive:** young children train their understanding of space, speed and distances when sliding down quickly.

Accessible stairway

Physical: climbing the accessible stairway is for all and supports cross coordination as well as arm and leg muscles. For young children, walking stairs and alternating feet is developed. **Social-Emotional:** room for active breaks and adult helpers. An inclusive space.

Platform

Social-Emotional: Important life skills like courage, self-confidence, consideration and turn-taking are built.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Bench

Social-Emotional: invites socializing and cooperation. Allows for a break with friends.
