NRO218

With the KOMPAN signage concept it's possible to create customisable signs for all kinds of outdoor activity areas. Signs are an important way to make relevant and prescribed information available for the users of private or public areas. E.g. general or practical information or instructions about the use of a playground, opening hours, ideal user/age

groups, sponsors, contact information etc. KOMPAN's customisable signage concept is flexible in the use of text, signs and symbols to communicate a message.
