Coupling

M529

Item no. M52900-3317P	
General Product Information	
Dimensions LxWxH	1'10"x1'10"x0'11"
Age group	2 - 5
Play capacity (users)	1
Color options	●

The Train Coupling is a slick multi-functional play piece. It appeals to children thanks to its age appropriate height and dimensions. The Train Coupling bridges the Train and Railway carriage porches beautifully and functions as a gathering point for meeting. This adds a place for informal meeting, and a retraction point from wilder play action. The Train Coupling can also be a point to step up on and jump down from. This supports the cross-coordination, sense of balance and space and the building of bone density, all important to children's health and development.

Coupling

M529

The steel surfaces are hot-dip galvanized inside and outside with lead-free zinc. The galvanization has excellent corrosion resistance in outside environments and requires minimal maintenance.

The steps are made of High Pressure Laminate HPL with a thickness 17,8mm and non skid surface texture according to EN 438-6. KOMPAN HPL has high wearing strength to ensure long lifetime in all climates.

Item no. M52900-3317P		
Installation Information		
Max. fall height		0'11"
Safety surfacing area		150ft²
Total installation time		1.4
Excavation volume		0.14yd³
Concrete volume		0yd³
Footing depth (standard)		1'7"
Shipment weight		34lbs
Anchoring options	In-ground	✔
	Surface	✔
Warranty Information		
Hot dip galvanized steel		Lifetime
HPL seat		15 Years
Spare Parts Availability		10 Years

Sustainability Data

M529

Cradle to Gate A1-A3	Total CO_2 emission	CO_2e/kg	Recycled materials
	kg CO_2e	kg CO_2e/kg	%
M52900-3317P	34.70	2.40	18.20

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
