

Jungle 4x4

NRO563

The Jungle ignites the child's imagination. With its appealing theme and look, it is a dramatic play starter. The many climb-and-crawl through options invite activity and stimulate motor skills such as cross-coordination. This stimulates the cross-modal perception which supports e.g. reading skills. It additionally trains muscles, proprioception and movement control. On the

easily accessible platform, a gear shift, steering wheel and seat add to the imaginative driving of the amazing Jungle. Dramatic play is the favorite play type for younger children. Apart from building an understanding of the world, dramatic play also trains language and communication skills intensely. The open design and the easy access of the Jungle

invites all children to benefit from play, making friends for life.

Item no. NRO563-1041

General Product Information

Dimensions LxWxH	5'3"x9'4"x4'1"
Age group	2 - 5
Play capacity (users)	8
Color options	  

Jungle 4x4

NRO563

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Switch

Cognitive: an understanding of cause and effect is developed when pushing something that moves. The theme of light switch supports dramatic play, which is known to stimulate language skills.

Play sphere

Social-Emotional: can be played from both sides, encouraging cooperation. **Cognitive:** cause and effect understanding. **Creative:** leave a mark and place the spheres at different positions.

Turning wheel

Social-Emotional: develops turn-taking, communication and cooperation. **Cognitive:** the manipulative item stimulates cause and effect understanding, logical thinking and communication. **Creative:** working with moveable play items that can leave a mark supports the child's creativity.

Flap door

Physical: tactile stimulation from leaning the body through rubber doors. **Cognitive:** suggests a theme and supports dramatic play, which stimulates language and communication skills.

Gear shift

Social-Emotional: cooperation, turn-taking, sharing. **Cognitive:** suggests a theme and supports dramatic play, which stimulates language skills.

Jungle 4x4

NRO563

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for colored components is water based environmental friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

The Robinia products are designed with a KOMPAN color concept with a number of different standard colors. The wood can also be supplied as untreated or with brown painted with a pigment that maintains the wood color.

Item no. NRO563-1041	
Installation Information	
Max. fall height	0'11"
Safety surfacing area	324ft²
Total installation time	13.5
Excavation volume	1.05yd³
Concrete volume	0.13yd³
Footing depth (standard)	3'3"
Shipment weight	1407lbs
Anchoring options	Surface ✓ In-ground ✓
Warranty Information	
EcoCore HDPE	Lifetime
Hot dip galvanized steel	Lifetime
Membrane	2 Years
Robinia Wood	10 Years
Spare Parts Availability	10 Years

There are Multiple footing options for all products: Surface anchoring with steel footings and expansion bolts. Wood in-ground or steel in-ground footings.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

The Robinia wood can be supplied as untreated raw wood, painted with a brown colored transparent pigment that maintains the golden wood color or in a colored version where selected components are painted in different colors.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
