

Playhut with Side, Gable & Desks

NRO414

Wow! This attractive Playhut will inspire children to play together in creative and imaginative ways. The open-ended design encourages many play themes, within and around the house. Children will play longer due to the details of the intentional design. The roof provides a sheltered space that children will enjoy moving in and out of, using their

imagination to extend the play. The small window will support play on all sides of the house and will encourage hide and seek games, which are a favorite of young children due to their developmental need to play social games. The bench adds a space to take a break if needed, and the desks provide more space for creating play themes that involve

exchanges over the desks and through the open window space. All of these activities support healthy development through play.

Item no. NRO414-1021	
General Product Information	
Dimensions LxWxH	5'11"x5'4"x5'2"
Age group	6m - 5
Play capacity (users)	12
Color options	 

Playhut with Side, Gable & Desks

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
