

# Labyrinth, 2 Rooms

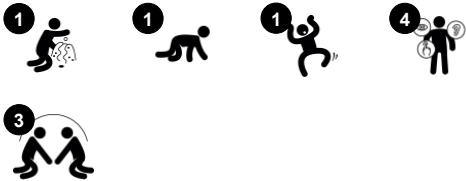

M63272

The two room Labyrinth offers an exciting and enjoyable experience for younger children: a crawl-through and hide-away playhouse containing different rooms all waiting to be explored. The various shapes and sizes of the openings in the Labyrinth let in the light, creating an exciting combination of light and shadow. Small children (unlike adults) are

unable to look down into the secrets of the Labyrinth, which is why the youngest children meet one surprise after another while going from room to room. Each room opens a new world to discover for the youngsters and further the colorful walls with different shaped openings give visual impressions from light and shadow.

## Theme

**Cognitive:** suggests a theme and supports dramatic play, which stimulates language and communication skills.

## Desk

**Social-Emotional:** fine meeting place and a space creator. Sharing and cooperation from both sides create a social scenario that supports communication and cooperation.

## Bench

**Social-Emotional:** gathering, cooperating or taking a break from play - all train social skills.

## Megaphone

**Social-Emotional:** inspires communication and turn-taking skills. **Cognitive:** distortion of sound evokes curiosity and stimulates an understanding of cause and effect.

## Crawl-through hole

**Physical:** the hole allows for climbing and crawling through, developing cross coordination, proprioception and spatial awareness. **Social-Emotional:** cooperation and turn-taking when passing one another. **Cognitive:** understanding space, shape and measures when seeing if the body can fit through the hole.
