

# Trivor with Roof

PCE111532

Item no. PCE111532-0901	
General Product Information	
Dimensions LxWxH	18'11"x20'0"x15'2"
Age group	5 - 12
Play capacity (users)	15
Color options	<span style="color: blue;">●</span> <span style="color: red;">●</span> <span style="color: green;">●</span>

The Trivor will inspire school children with the fun, varied play opportunities: Climbing, sliding, gliding, spinning, and hanging will attract children again and again. The richness of activities supports the development of physical and social-emotional skills in school ages. The slides and the Fireman's Pole help children take turns and negotiate, supporting social-

emotional development. The dare-devil fireman's pole is truly thrilling and also supports the child's spatial awareness. The looping between slides and stairs also trains the children's condition. The Monkey Bars are strengthen the upper body while also functioning as a point for retraction and meetings. The Somersault bars add a fun

meeting point. The rotating movement also supports the proprioception, which is important for self-reliance.

# Trivor with Roof

PCE111532

## Curved slide

**Physical:** sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking.

## Somersault bar

**Physical:** develop balance and core when hanging from knees. Arm, leg and core muscles are developed when climbing up, somersaulting around. Balance and spatial awareness are strengthened. **Social-Emotional:** meeting, socializing and turn-taking when climbing up and down via bar.

## Fireman's pole

**Physical:** coordination is supported when going down, as well as arm and core muscles. Landing strengthens bone density, which is built for life in early childhood. **Social-Emotional:** turn-taking and risk-taking.

## Overhead ladder

**Physical:** develops children's upper body muscles and arm strength, cross coordination and spatial awareness. This is especially important due to sedentary lifestyles and back-pain in children. **Social-Emotional:** chill and socialize on top of the overhead ladder, training cooperation.

## Score board

**Social-Emotional:** teams can each have a button to measure rounds, wins etc. The buttons support cooperation and teamwork. **Cognitive:** counting and registering support skills such as logical thinking and sequencing.

# Trivor with Roof

PCE111532

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

The ELEMENTS roofs are made of recyclable PE made from 33% post consumer recycled materials with a minimum wall thickness of 5 mm to ensure high durability in all climates around the world. The steel pipes are hot dip galvanized inside and outside for maximum durability.

Sails of commercial 95 high density PE knitted specially for sun-shade structures. The sails are treated with UV stabilizers to ensure a long life-time. The sails are supported by a hot dip galvanized steel frame and tightened by stainless steel devices.

Item no. PCE111532-0901

### Installation Information

Max. fall height	7'1"
Safety surfacing area	659ft <sup>2</sup>
Total installation time	23.6
Excavation volume	0.77yd <sup>3</sup>
Concrete volume	0.1yd <sup>3</sup>
Footing depth (standard)	2'11"
Shipment weight	1578lbs
Anchoring options	In-ground ✓ Surface ✓

### Warranty Information

EcoCore HDPE	Lifetime
Hollow PE Parts	10 Years
Post	10 Years
PP Decks	10 Years
Spare Parts Availability	10 Years

The main posts are made of high quality pregalvanized steel with powder coated top finish. Post tops are closed with caps of UV stabilized nylon (PA6). The grey colored molded decks are made of 75% post-consumer waste PP material with a non-skid pattern and texture surface. All decks are supported by unique designed low-carbon aluminum profiles with multiple attachment options.

The slides are available in either molded PE in different colors or in full stainless steel AISI304 t= 2mm.

All steel activities has a unique surface treatment of hot dip galvanized base and powder coated top finish to provide durable products with long lifetime for all environments.

# Sustainability Data

PCE111532

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg	Recycled materials
	kg CO <sub>2</sub> e	kg CO <sub>2</sub> e/kg	%
PCE111532-0901	1,476.20	2.54	52.10

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

## Verification of CO<sub>2</sub> calculation of: Play systems

Data version no. 2023-10-05

The CO<sub>2</sub> calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Play systems" represented by item no.: PCM200321-0950.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
