

Play Tower with Curved Slide

PCM112131

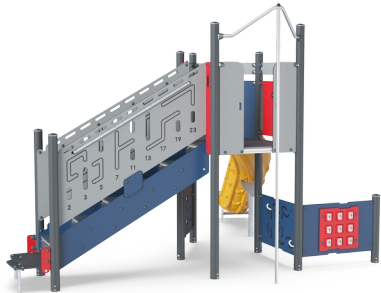

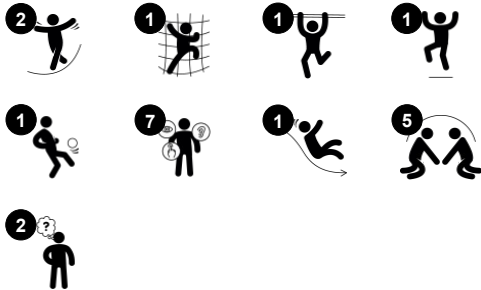

This play tower with a curved slide and climbing wall attracts children with its varied play offering. Varied climbing, crawling, sliding, and balancing make children want to come back again and again. The graduated challenges allow for varied abilities and a wide age span in users. Under the deck there is a nice point for taking a rest and socializing with

tic-tac-toe. Climbing helps to develop cross-coordination skills. This enhances a child's ability to use both sides of their brain and supports the ability of reading. The Fireman's Pole and curved slide allow for bravehearts to glide and slide down, training their sense of balance and space while having fun. These skills are fundamental in navigating the body

through life confidently and safely. Product description ...

Tic-tac-toe panel

Social-Emotional: stimulates communication and turn-taking skills. **Cognitive:** support rules understanding, strategic thinking.

Creative: leaving marks when tumblers are left in new positions.

Ring game

Social-Emotional: cooperating from both sides on running rings up and down trains turn-taking and cooperation skills. **Cognitive:** figuring out how to turn the ring to make it fit the holes and move up or down trains logical skills. **Creative:** leaving rings in new positions leaves a mark in the playground.

Curved slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking.

Accessible stairway

Physical: climbing the accessible stairway is for all and supports cross coordination as well as arm and leg muscles. For young children, walking stairs and alternating feet is developed. **Social-Emotional:** room for active breaks and adult helpers. An inclusive space.

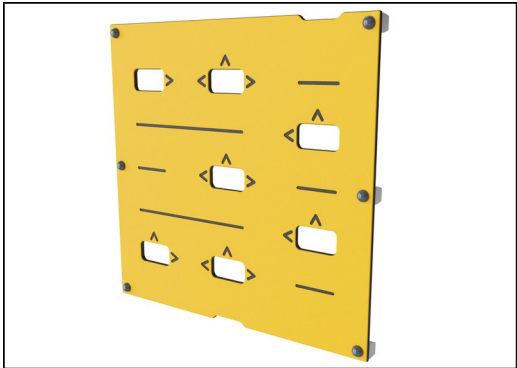

Fireman's pole

Physical: coordination is supported when going down, as well as arm and core muscles. Landing strengthens bone density, which is built for life in early childhood. **Social-Emotional:** turn-taking and risk-taking.
