Outdoor Furniture plays an essential role in our communities by adding an inviting and social atmosphere, a place to meet, socialise or rest. Chatter is classic park furniture designed for social interaction and relaxation. It perfectly blends into public areas like parks and playgrounds etc. Chatter Bench with Backrest and Armrest is the seating possibility for

multiple users. The backrest gives good support when sitting and relaxing, and the armrest makes it easier for users to get back up again.

Chatter Bench with Backrest and Armrest

PAR1156

Bench is made of pine wood from sustainable European sources. The wood is pressure impregnated Class 3 with Tanalith E.

The steel's inside surfaces are hot-dip galvanised, and the outside with lead-free zinc. Galvanisation has excellent corrosion resistance within outdoor environments and is low maintenance.

KOMPAN outdoor furniture is available for surface and in-ground installation. Surface installation by anchoring to base layer or in-ground installation as either direct in ground or additional hot dip galvanized steel brackets.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
