

Embankment Slide, 1 ft 8 in wide

COR71050

Item no. COR710501-1230	
General Product Information	
Dimensions LxWxH	11'11"x1'8"x3'2"
Age group	2 - 12
Play capacity (users)	2
Color options	<input type="radio"/>

The Embankment Slide is extremely attractive. It attracts children to loop uphill and slide down again and again. The Embankment Slide will be a main attraction in a playground. Apart from the immense thrill of sliding, the Embankment Slide also supports children in developing important motor skills such as the sense of balance and space. These are important in

managing the world confidently and securely. The repeated loop of sliding and running back up for one more go is great training of cardio and muscle strength. Collecting the courage to descend the tall slide adds a sweet sensation of achievement. This is a social-emotional benefit, which is further enhanced by the cooperation and turn-taking skills that children

develop when playing together on the slide. The slide mouth is extra long to add a feeling of security.

Embankment Slide, 1 ft 8 in wide

COR71050

Slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking. **Cognitive:** young children develop their understanding of space, speed and distances when sliding down quickly.

Embankment Slide, 1 ft 8 in wide

COR71050

The stainless steel components are made of high quality stainless steel in compliance with global playground standards. The steel is glass blasted after manufacturing to ensure a smooth gliding surface.

At 35°, the slide is set to the optimum angle to ensure both gliding fun and safety.

Catering to different terrains, the embankment slides are available in 9 lengths from 1 - 3m.

Item no. COR710501-1230	
Installation Information	
Max. fall height	3'4"
Safety surfacing area	115ft ²
Total installation time	4.1
Excavation volume	0.51yd ³
Concrete volume	0.29yd ³
Footing depth (standard)	3'7"
Shipment weight	452lbs
Anchoring options	In-ground ✓
Warranty Information	
Stainless steel slide	10 Years
Spare Parts Availability	10 Years

Elevated activities 0	Accessible elevated activities	Accessible ground level activities	Accessible ground level play types
Present	0	1	1
Required	0	1	1

**ASTM
F1487**
compliant

Sustainability Data

COR71050

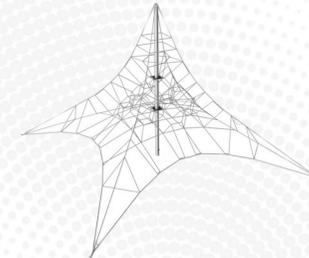

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
COR710501-1230	275.00	4.20	49.90

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Corocord

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Corocord" represented by item no.: COR314011-1101.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
