

# Playhut with Two Sides

NRO412

Item no. NRO412-1021	
General Product Information	
Dimensions LxWxH	5'11"x3'3"x5'2"
Age group	6m - 5
Play capacity (users)	4
Color options	 

A Playhut is a great attraction for children who want to play. The simple yet intentional design of this house will support and enhance children's play through engaging details in specific features. The open space allows for flow of children in and around the play space, increasing social interactions, and supporting children when they are looking for a way to

enter a social play situation, comfortably. The roof provides a sheltered space that children will enjoy moving in and out of and using their imagination to extend the play. The fenced sections of the house create additional opportunities for play and movement around the house, and children will also use this area to talk and socialize, to pass materials through,

and to play hide and seek. All of these activities support healthy development through play.

## Theme

**Cognitive:** suggests a theme and supports dramatic play, which stimulates language and communication skills.

# Playhut with Two Sides

NRO412

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The product/activities are preassembled from the factory to ensure all safety requirements are considered.

The paint used for coloured components is water based environmentally friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

Item no. NRO412-1021	
Installation Information	
Max. fall height	0'0"
Safety surfacing area	0ft²
Total installation time	4.8
Excavation volume	0.65yd³
Concrete volume	0yd³
Footing depth (standard)	3'3"
Shipment weight	487lbs
Anchoring options	In-ground ✓
Warranty Information	
EcoCore HDPE	Lifetime
Hot dip galvanized steel	Lifetime
Robinia Wood	10 Years
Spare Parts Availability	10 Years
Stainless steel components	Lifetime

The playhouses are available with floor inside the house and with a floor outside to create a porch.

There are Multiple footing options for all products: Surface anchoring with steel footings and expansion bolts. Wood in-ground or steel in-ground footings.

Robinia products are available in three different wood treatment options: Untreated Robinia wood or brown painted with a pigment that maintains the wood color and colored version with paint of selected components.

# Sustainability Data

NRO412

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg	Recycled materials
	kg CO <sub>2</sub> e	kg CO <sub>2</sub> e/kg	%
NRO412-1021	33.10	0.18	0.80

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
