

Double Somersault Bars

PCM802

The double somersault bars are an open invitation to somersault, be seated, hang in your knees, hang in your arms and thus a fun possibility for showing off acrobatics skills together with a friend. Apart from being great fun, also for more children at a time, the movements made on the somersault bar will train the child's arm, leg and core muscles and

not least its motor skills such as sense of balance, space and cross-body coordination.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
