

Mini Car

M531

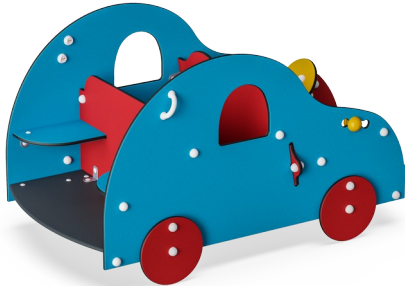

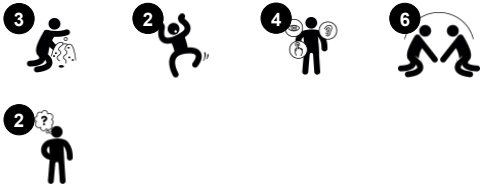

The Mini Car signals play loud and clear and attracts infants and toddlers again and again. The cute rounded shapes and the vibrant colours attract. And the manipulative steering wheel, gear and yellow headlight spheres can be handled and turned again and again. The car has three compartments, two of which are relatively open to the front and rear. They both

offer ample seating, and the rear also features two tinkering tables. The themes of traffic and cars are well-known to toddlers. They take a starting point in the toddlers' immediate world and open the scope of going into the wider world. Dramatic play scenarios such as visiting family are played out repeatedly in the Mini Car. This is an important contribution to the

development of language skills and literacy.

Item no. M53170-3313P	
General Product Information	
Dimensions LxWxH	3'5"x5'9"x3'3"
Age group	2 - 5
Play capacity (users)	6
Color options	

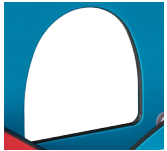

Mini Car

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

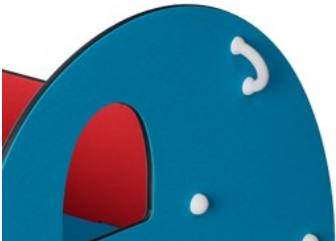

Foot support is made of HPL with a thickness of 17.8mm with a very high wearing strength and a unique KOMPAN non-skid surface texture.

Handle is made of polypropylene PP with excellent impact strength and usable within a large temperature span.

Gear shift is made of PP. PP has good wearing and impact resistance.

Handholds are made of injection molded high quality nylon (PA6). PA6 has good wearing and impact strength.

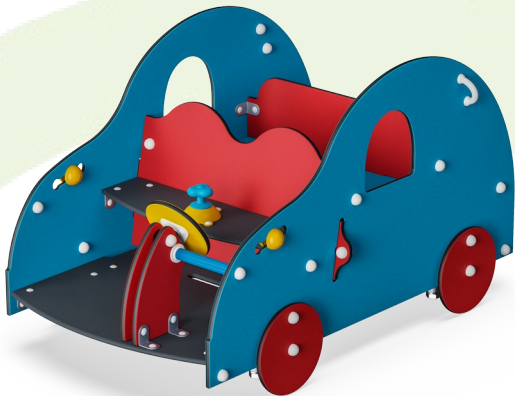

Item no. M53170-3313P	
Installation Information	
Max. fall height	1'6"
Safety surfacing area	243ft²
Total installation time	5.6
Excavation volume	0.2yd³
Concrete volume	0yd³
Footing depth (standard)	1'5"
Shipment weight	440lbs
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
EcoCore HDPE	Lifetime
Hot dip galvanized steel	Lifetime
HPL decks	15 Years
PE/PP Components	5 Years
Spare Parts Availability	10 Years

Elevated activities 0	Accessible elevated activities	Accessible ground level activities	Accessible ground level play types

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
