

Balance Plus

NRO871

The Balance Plus is a playground classic, that attracts children again and again. It can function as playground glue, connecting activities. It can also function as a point for a break, providing seating for children, parents or carers in need of a point from which to observe play. When children navigate across the Balance Plus, they train their balance

immensely, which is a fundamental skill, that is basic for the development of all other skills. The sense of balance for instance makes it possible for children to sit still and concentrate. When zig-zag balancing across the Balance Plus, children will negotiate and turn-take to pass each other. This trains important social-emotional skills, that are important for instance

when making friends.

| Item no. NRO871-1001 | |
| Installation Information | |
| Max. fall height | 46 cm |
| Safety surfacing area | 15.9 m² |
| Total installation time | 4.5 |
| Excavation volume | 0.50 m³ |
| Concrete volume | 0.30 m³ |
| Footing depth (standard) | 100 cm |
| Shipment weight | 267 kg |
| Anchoring options | In-ground ✓ |

Sustainability Data

NRO871

| Cradle to Gate A1-A3 | Total CO ₂ emission | CO ₂ e/kg | Recycled materials |
|----------------------|--------------------------------|-------------------------|--------------------|
| | kg CO ₂ e | kg CO ₂ e/kg | % |
| NRO871-1001 | 28.10 | 0.14 | 0.70 |

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
