

# Dress-Up Wall with Mirror

NRO603

The Robinia Dress-Up wall with Mirror is a great play creator that invites numerous play scenarios: shop, make-up parlour, kitchen, studio, to name a few. The table with covered holes and the shelf underneath make for endless play and experimenting, shifting materials through the holes. This stimulates the child's understanding of object permanence:

that things can disappear out of sight but still exist. The window, clock, mirror and bell invite hours of dramatic play, teaching creativity, imagination and socialising. The Robinia timber also provides an organic structure, that the children can touch and feel, observing how natural materials interact with the environment
