Embankment Slide, 2.0m width

COR71200

Item no. COR712001-1230	
General Product Information	
Dimensions LxWxH	362x204x97 cm
Age group	3+
Play capacity (users)	2
Colour options	

The extra-wide Embankment Slide is extremely attractive. It makes children loop uphill and slide down again and again. The Embankment Slide will be the main attraction in any playground. Apart from the immense thrill of sliding, the Embankment Slide also supports children in developing important motor skills such as the sense of balance and space.

These are important in managing the world confidently and securely. The repeated loop of sliding and running back up is great training of cardio and muscle strength. The extra width adds a highly desirable rough-and-tumble element to play, when friends go down the slide together. This is a social-emotional benefit, which is further enhanced by the cooperation skills that children use when sliding together. The extra width allows for caregivers to join in the play.

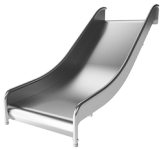
Embankment Slide, 2.0m width

COR71200



Wide slide
Physical: develops spatial awareness, sense of balance and trains core muscles when sitting upright going down. **Social-Emotional:** invites socialising, supports parent-child and peer-to-peer play. **Cognitive:** young children develop their understanding of space, speed and distances when sliding down.

Embankment Slide, 2.0m width

COR71200

The stainless steel components are made of high-quality stainless steel in compliance with global playground standards. The steel is glass blasted after manufacturing to ensure a smooth gliding surface.

At 35°, the slide is set to the optimum angle to ensure children experience thrilling slides while maintaining safety.

Catering to different terrains, the embankment slides are available in 9 lengths ranging from 1 - 3 meters.

Item no. COR712001-1230

Installation Information	
Max. fall height	100 cm
Safety surfacing area	27.9 m²
Total installation time	7.7
Excavation volume	1.25 m³
Concrete volume	0.71 m³
Footing depth (standard)	110 cm
Shipment weight	496 kg
Anchoring options	In-ground ✔

Warranty Information	
Stainless Steel Slide	10 years
Spare Parts Guarantee	10 years

Sustainability Data

COR71200

Cradle to Gate A1-A3	Total CO_2 emission	CO_2e/kg	Recycled materials
	kg CO_2e	kg CO_2e/kg	%
COR712001-1230	1,010.00	4.20	50.00

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

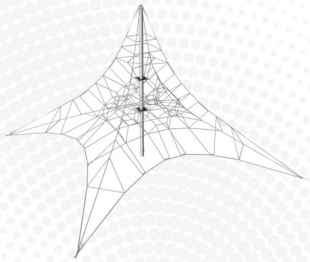
Validation of CO_2 calculation method
BUREAU VERITAS
HSE Denmark A/S

Verification of CO_2 calculation of: Corocord



Data version no. 2023-10-05

The CO_2 calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Corocord" represented by item no.: COR314011-1101.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
