NRO606

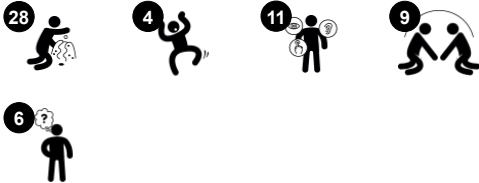

The Robinia Theater & Music Cottage attracts toddlers, preschoolers and adults for hours of varied, creative play. With its richness in detail, the play unit invites dramatic and explorative play as well as solid social interaction and cooperation. The xylophone and drum panels support creative play and invite groups of players due to their angle out from the house.

The clock, bell, flaps, shelf and mirror are dense with cause-and-effect learning and creative play. These stimulate logical thinking and spur dramatic play, which is great for language development. The desk of the house invites breaks and in tests with children is used repeatedly for rough-and-tumble, climb over, through and around play activities. Apart from

stimulating muscles this trains important motor skills such as cross-body coordination, which is fundamental for later reading skills.

## Drums

**Social-Emotional:** cooperation and co-creation, parallel and group play. **Cognitive:** cause and effect understanding when creating sounds, supporting a sense of rhythm that is essential for pre-reading skills. **Creative:** creating and leaving a mark with sound.

## Xylophone music panel

**Social-Emotional:** invites social interaction and co-creation for more children, on both sides. **Cognitive:** understanding of cause and effect when striking tubes and creating sound. **Creative:** the creation of different intensity and tonality stimulates creative skills.

## Percussion

**Social-Emotional:** cooperative play and co-creation when playing from both sides. **Cognitive:** understanding cause and effect when figuring out different sounding areas of surface, and practicing rhythm that is essential for pre-reading skills. **Creative:** creating, combining and leaving a mark of different sounds.

## Clock and bell panel

**Cognitive:** understanding cause and effect when ringing bell, learning about numeracy and time in a tangible way. **Creative:** leaving a mark when creating new positions on clock or with sound creating a rhythm when ringing or knocking the bell.

## Shelf

**Cognitive:** suggests a theme and supports dramatic play, which stimulates language and communication skills. Gives the option of hiding or storing items as part of dramatic play or explorative play.

## Desk flaps w. holes

**Social-Emotional:** cooperation, turn-taking and parallel play inspired by the two flaps. **Cognitive:** shifting things through holes to shelf supports logical thinking and the understanding of object permanence.

## Mirror

**Cognitive:** understanding of individuality and self expression. Stimulates dramatic play and so language and communication development.
