

# Surprise Basket

FRE3024

Games with the Surprise Basket are unpredictable. Kids like that a lot! You never know if you going to win or lose. The elevated funnel with three tube exits for the basketball is a popular ball game activity that works well with any number of participants. It also develops the ability to lift and throw a ball up into the funnel.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
