

# Stilts

NRO806

Item no. NRO806-0601

## General Product Information

Dimensions LxWxH	126x247x110 cm
Age group	3+
Play capacity (users)	3
Colour options	 

The Stilts are a playground classic that appeal to children time and time again, as they develop their skills hopping from one pole to the next. The Stilts also invite children who are less confident at balancing, due to the carved foot-steps and angled posts. You can lean against the poles, to regain your balance. They are made of Robinia timber, which provides an

organic structure, that can either blend into or stand out from your surroundings. Children can touch and feel the timber while playing, observing how nature inspiration interacts with the built environment.

# Stilts

## Stilts

**Physical:** balancing which supports the vestibular system as well as cross coordination. **Social-Emotional:** cooperation and turn-taking.

NRO806

All organic Robinia products by KOMPAN are made of Robinia wood which is sourced from sustainable plantation farms. On request it can be supplied as FSC® Certified (FSC® C004450).

The Robinia wood can be supplied as untreated raw wood or painted with a brown coloured transparent pigment that maintains the golden wood colour of the wood.

Item no. NRO806-0601		
Installation Information		
Max. fall height		24 cm
Safety surfacing area		20.7 m²
Total installation time		3.4
Excavation volume		0.47 m³
Concrete volume		0.16 m³
Footing depth (standard)		63 cm
Shipment weight		246 kg
Anchoring options	In-ground	✓
Warranty Information		
Robinia Wood		15 years
Spare Parts Guarantee		10 years

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
